CENTRAL INTELLIGENCE AGENCY

**CONTRACTING OFFICER'S
DETERMINATIONS AND FINDINGS**

AUTHORITY TO NEGOTIATE CONTRACT

The Central Intelligence Agency proposes to enter into a contract with the General Precision Laboratory, Pleasantville, New York on behalf of the Air Force for the procurement of replacement spare parts, materials, modification parts and data to be used in conjunction with Radan Navigation Sets previously procured from the Contractor.

I hereby find that this procurement, Project HTLOOSELY AF-2 is estimated to cost \$10,000.00 and is chargeable to funds previously transferred from the Department of the Air Force and is for procurement of the supplies set forth above.

I also find that this procurement is in the interest of National Defense and that it will be certified by the Director of Central Intelligence in accordance with procedure approved by the DCI on 15 December 1956, to be for objects of a confidential, extraordinary and emergency nature and therefore within the purview of procurement authority of the Agency as stated in Section 10 (b) of Public Law 110, 81st Congress. Procurement by formal advertising of the services called for by the proposed Contract No. HF-CT-693 would result in public disclosure of the nature and character of the equipment installed in the Air Force aircraft, and would thereby jeopardize the security classification of this project.

I hereby determine, as Contracting Officer for this contract, that the necessity and authority for negotiation of this contract have been adequately documented by proper Agency authority, and that the proposed contract must necessarily be negotiated without formal advertising.
